JavaScript TypeScript Git
Node.JS Express.JS Redux
StrapiCMS Hygraph Html
MongoDB TailwindCSS
Github Chakra UI CSS

EDUCATION

BCA

SGN Khalsa PG College, Sri Ganganagar

OBJECTIVE

I am a Front-end Developer with 2+ years of experience focusing on building responsive and user-friendly web applications using technologies like React.js, Next.js, and Tailwind CSS. I am passionate about creating efficient UI designs and continually improving my skills. I seek opportunities to contribute to innovative projects and grow as a Front-end Engineer.

WORK EXPERIENCE

Full Stack Developer

[Branym Technologies](#)

July 2023 - October 2024

- Worked on full-stack development, creating multiple projects from scratch using Next.js, TypeScript, Hygraph, and TailwindCSS.
- Developed the official company website with Next.js, focusing on performance optimization and reusable components.
- Built and integrated dynamic dashboards with a user-friendly interface using Strapi CMS and TailwindCSS.
- Ensured all components were highly reusable, improving maintainability and scalability.

Front End Developer

[Start Designs](#)

September 2022 – June 2023

- Collaborated with designers to translate UI/UX designs into functional websites and applications using HTML, CSS, JavaScript, and React.
- Integrated APIs and worked with backend developers to deliver full-stack solutions.
- Ensured that designs were aligned with client specifications and branding guidelines.

SELECTED PROJECTS

Front End Developer

<https://bronym.com>

- Developed the company's official website from scratch.
- Built reusable components and optimized the code for performance.
- Used TailwindCSS for responsive design and Hygraph for efficient data fetching.
- Maintained a clean and organized folder structure for scalability.
- **Technologies Used:-** React.js, Next.js, TypeScript, TailwindCSS, Hygraph

Full Stack Developer

<https://admin.bemployed.in>

- Developed the entire dashboard with React components and integrated Strapi CMS.
- Designed and implemented fully customizable forms using Formik and Yup, with JSON-supported APIs.
- Integrated Razorpay for secure and seamless payment processing.
- Utilized Chakra UI for a responsive and visually appealing design.
- **Technologies Used:-** Strapi CMS, TypeScript, React.js, Formik, Yup, Chakra UI, Razorpay
